

Sciences - Biological Systems
Second Level SCN 2-12a

By investigating some body systems and potential problems which they may develop, I can make informed decisions to help me to maintain my health and wellbeing.

Sciences - Biological Systems
Second Level SCN 2-12b

I have explored the structure and function of sensory organs to develop my understanding of body actions in response to outside conditions.

Sciences - Biological Systems
Second Level SCN 2-13a

I have contributed to investigations into the role of microorganisms in producing and breaking down some materials.

Sciences - Biological Systems
Second Level SCN 2-14a

By investigating the lifecycles of plants and animals, I can recognise the different stages of their development.

Sciences - Biological Systems
Second Level SCN 2-14b

By exploring the characteristics offspring inherit when living things reproduce, I can distinguish between inherited and non inherited characteristics.
